- 3 Zubehör
- 4 Übersicht

The central area displays a 3D model of a Sortimo shelving unit. The shelving unit features multiple compartments of different sizes and heights, some with doors and others with open shelving. A blue arrow icon with a plus sign is positioned near the top left of the shelving unit, indicating a configuration or assembly feature. In the bottom right corner, there is a small circular icon with three arrows pointing in different directions, likely representing rotation or orientation options.
